- called upon to testify I could and would testify competently as to the truth of the facts stated herein.
- 2. This declaration is submitted in support of plaintiff's adversary complaint against defendant Ms. Amy Blalock per the schedule issued by this court.
- 3. In early 2023 I began to notice strangers acting erratic e.g. identifying and snickering at me at everyday places including, but not limited to everyday grocery stores. The frequency of this harassing behavior toward my person soon increased rapidly.
- 4. By approximately the spring of 2023 I received anonymous communications alerting me to harmful postings about my person on Facebook, including, but not limited to Facebook "Are We Dating The Same Guy?" ("AWDTSG") groups with tens of millions of users by over three-hundred (300) Facebook accounts.
- 5. A true and correct copy of an excerpt of said Facebook AWDTSG forums is hereto attached as Exhibit 1.
- Around this time I also received anonymous communications with login credentials to some of the Facebook groups with postings about my person.
- 7. A true and correct copy of an excerpt of postings on social media sites such as Reddit.com of accounts seeking and offering access to said Facebook AWDTSG forums is hereto attached as Exhibit 2.

- 8. Among the hundreds of harassing and harmful comments about my person that I found are those made by defendant Ms. Amy Blalock.
- 9. Ms. Blalock's comments aggressively portrayed me as serial killer. She stated: "I'm afraid if there's any missing women in LA – he [plaintiff] has something to do with it."
- 10.Ms. Blalock stated that I sought to murder women as a "SECOND LOCATION!".
- 11.Ms Blalock stated that: "He's [plaintiff] going to end up on Dateline one day." Dateline is a popular TV show that portrays true crime serial killers.
- 12.Ms. Blalock conspired with others on Facebook et al. to profit from a documentary about my person as a con artist and serial killer.
- 13.Ms. Blalock stated: "We could all share our stories on the documentary like the Tinder Swindler." The Tinder Swindler is a popular true crime Netflix documentary about an Israeli criminal who stole large amounts of money from several people and who committed various other serious crimes.
- 14.Ms. Blalock also stated that she had gone on a date with me wherein she shamelessly invaded my privacy by secretly filming me without my consent and wherein she alleged that I violently grabbed her phone(s).
- 15.Ms. Blalock stated: "I have a work phone and personal phone. I put them stacked on the bar in front of me and one of them was recording. About 5

mins into sitting there, he grabbed both of my phones and was like 'let me see these' and I was like OH SHIT, I'm caught but luckily I got the phones away from him."

- 16. A true and correct copy of the above-noted statements by Ms. Blalock on Facebook that I obtained is hereto attached as Exhibit 3.
- 17. All of these statements are false.
- 18.Ms. Blalock further published with others a harmful statement claiming that I stalked and harmed a woman Elly Shariat on her GoFundMe webpage which Ms. Blalock and her co-conspirators promoted on national and international news media outlets ans from which Ms. Blalock profited.
- 19.A true and correct copy of the above-noted statement published by Ms.

  Blalock on her GoFundMe webpage with other co-conspirators that I obtained is hereto attached as Exhibit 4.
- 20. All of these statements are false.
- 21.Ms. Blalock confirmed her statements on Facebook and GoFundMe in her verified discovery responses. This includes, but is not limited to her response to my request for admission no. 13, 15, 17 verified on 7 November 2024.
- 22. A true and correct copy of the above-noted verified discovery responses is hereto attached as Exhibit 5.

- 23.Ms. Blalock's harmful statements belong to a cyber-attack that involve over 300 Facebook accounts on my person with other such statements that include, but are not limited to: "public records show" [that plaintiff has] involvement in [a] MURDER case of his ex[-]wife", is "suspected of murder"; [h]as several domestic violence charges filed against him"; is an "abusive murderer"; "[has] "[f]iled [...] court cases against women [...] trying to extort money from them"; "has committed fraud"; "has acted fraudulently", "has STDs", has an "ex-wife who [he] killed"; "claim[s] he is an attorney"; and that plaintiff is listed on the California court's public record as being a "vexatious litigant".
- 24.A true and correct copy of the above-noted harmful statements to which Blalock's statements belong is hereto attached as Exhibit 6.
- 25. All of these statements are also false; the women involved in this attack are unknown to me; and I certainly have never been in a committed romantic relationship with any of them.
- 26. After I discovered Ms. Blalock's statements and the cyber-attack on my person and reputation on Facebook in 2023 I contacted and informed Facebook and reported said statements to the LAPD and FBI prior to filing a state lawsuit that is currently pending (See LASC case no. 23STCV14890).

27	7. After I filed said state lawsuit I located and served Ms. Blalock. I then
	propounded discovery on Ms. Blalock the deadline to which stayed by
	filing an anti-SLAPP motion to strike. However, Ms. Blalock's anti-
	SLAPP motion failed. But instead of providing a response to my discovery
	per the deadline of a meet & confer with which I then served on her, Ms.
	Blalock filed chapter 7 bankruptcy and stayed the above-noted state action,
	thus evading all of her discovery responses in my state case. Thereafter I
	filed this instant adversary proceeding and complaint against Ms. Blalock
	to which this declaration belongs.

- 28.Ms. Blalock's statements were intentional and malicious. They belong to an elaborate cyber-attack on my person involving well over over 300 Facebook accounts that has like Blalock broadcast their harm to billions of people world-wide and which is also intentional and malicious. Worse, this attack has been going on for a decade and I have been left no choice but to seek justice for the harm done to my person and reputation for almost a decade.
- 29. A true and correct copy of the above-noted defamatory harm that goes back to 2016 is hereto attached as Exhibit 7.
- 30. Said cyber-attack has led to off-line harassment of myself, loved ones, family, friends, colleagues, and anyone perceived to be associated with me, I have received multiple death threats and suffered serious damages,

- including, but not limited to the loss of income and potential work and I am currently being treated for the severe harm he suffered.
- 31.A true and correct copy of one of the many death threats directed toward my person as a result of the harm Ms. Blalock and said conspiracy caused is hereto attached as Exhibit 8.
- 32. As shown above, Ms. Blalock and her co-conspirators profited from the harm they intentionally and malicious caused my person. Ms. Blalock et al. further sought to profit from the harm they caused by web-traffic, "click-bait", i.e. obtaining "Facebook points" i.e. Facebook money, money via GoFundMe.com donations, a national and international news media campaign, and money from securing a Netflix deal for a docuseries.
- 33.A true and correct copy of said monetization of the harm of my person, including their attempt to make a documentary and secure a deal with Netflix is hereto attached as Exhibit 9.
- 34. The Facebook group to which Ms. Blalock belongs AWDTSG has no intention of protecting women, but of only attacking innocent men like myself. Members of Facebook's AWDTSG have been caught harassing men who have passed away (and thus who cannot harm anyone) and the families of men, including their wives and children, who refused to have one-night stands with them. Instead of being a safe place for women to protect one another, Facebook and its AWDTSG groups are places where

drunk women cyber-attack men while they openly admit to suffering from psychological disorders.

- 35.A true and correct copy of said attacks on men who have passed, families of men, including their wives and children, and instances of women being drunk while posting on AWDTSG and admitting to having psychological disorders is hereto attached as Exhibit 10.
- 36.I am a humble scholar. I have worked hard and sacrificed to earn the credentials I have: a doctorate of philosophy from Yale University. I have published books with praise from world-renown scholars and which are available in libraries across the world.
- 37. Nevertheless, the comments by Ms. Blalcok and the decade-long onslaught against my person and reputation has severely damaged my life and ability to earn a living.
- 38.A true and correct copy of a few of my published books and website wherein I often publish articles is hereto attached as Exhibit 11.

I declare that under penalty of perjury under the laws of the United States that the foregoing is true and correct; executed on 27 January 2025 in Los Angeles, California.

From Wikipedia, the free encyclopedia

Are We Dating The Same Guy?, also abbreviated AWDTSG<sup>[1]</sup> is a series of over 200<sup>[1]</sup> individual Facebook groups<sup>[1]</sup> where women share dating profiles of men they matched with on dating networks to seek the opinion of other women who may have dated the same man in the past.<sup>[2]</sup> The first group was created by Paola Sanchez and aimed at women living in the New York City environs.<sup>[3][4]</sup> The groups have over 3.5 million members as of January 2024.<sup>[1]</sup> The group's function is to post screenshots of a man's dating profile to that city's designated Facebook group, after which the poster asks "any tea?". Other users in the group will then share information about the man and share warnings.<sup>[5][6]</sup> The groups are moderated by volunteers,<sup>[6]</sup> and have been described as a feminist group.<sup>[7]</sup>

The groups have rules saying that personal information such as addresses must not be included in the Facebook posts. Users attempting to join the group are also examined to prevent fake profiles. The group is mainly for straight women.

According to *Vice*, the men being posted about have no way to defend against accusations made about them, and on the other hand, posters cannot prove their stories unless backed up by others.<sup>[5]</sup> Often times, members post pictures alongside personal information such as names, which may infringe on subjects' legal right to privacy. Lawyers have said these issues can lead to defamation lawsuits;<sup>[8][9]</sup> and members can make false allegations and create fabricated stories.<sup>[9][10][13]</sup> If members tell a man that he's been talked about on the group, the "snitch" will be banned and be "exposed to the whole group".<sup>[12]</sup>

The understanding that social networks are communication platforms, and that money itself is just a ledger upholding the communicative expression between users, led the social media giant Facebook to experiment with adding financial instruments to their vastly popular Messenger app. While Bitcoin and alternatives had been around for nearly a decade before Facebook's Libra was proposed, this was "the shot heard 'round the world" for central bankers and regulators to sit up straight and take a novel payments system proposed by the world's largest social network seriously

Yet, as Facebook soon found out, if you come at the king, you best not miss. Or at least this was the story that was told to the world: The U.S. regulatory system said "No" and that was that. However, this concluding piece to The Chain series. The Chain of Command, postulates that Libra was never intended to actually go to market as designed, but rather was meant to set the stage for clear regulation via legislation that would become the enabling environment for a decades-long attempt at creating a new world currency by the very same parties covered thus far in this series.

## Libra, Diem and Facebook's Stablecoin

Sitting on a Caribbean beach during the winter of 2017, David Marcus was struck with the idea of creating a global digital currency to run on Facebook's Messenger, Marcus, who had sold his mobile payment provider Zong to PayPal for \$240 million in 2011, and who had been introduced to Bitcoin in 2009, was certainly no spring chicken to the rapidly evolving FinTech and digital payments space. Within nine month of Zong's acquisition by PayPal, Marcus was named PayPal's president in April 2012. Then, in June 2014, Marcus was recruited by Facebook's Mark Zuckerberg to run their Messenger app. By the time the idea that would become Libra began to germinate during his 2017 vacation in the

Prior to his experience with PayPal and Facebook, Marcus had founded GTN Telecom, noted as being the "first to break Switzerland's telecommunications monopoly" in 1996, GTN Telecom was backed by the UK's 3i, a venture capital firm founded in 1945 by the Bank of England and "a syndicate of British banks," and was later sold in 2000 to WorldCom's World Access just 1wo years before WorldCom would file for Chapter 11 bankruptcy after excessive accounting fraud. bankruptcy after excessive accounting fraud. Marcus went on to found Echovox, a
"mobile monetization company focused on monetizing web and traditional media
audiences" via "transaction-enabled mobile services," shortly after the October 2000 sale
of GTN. Zong was later spun off from Echovox. Bertrand Perez and Kurt Hemecker, two
executives at Zong, would become part of the founding leam at Libra alongside Marcus

"In late 2009 when I first stumbled upon Bitcoin and read the white paper, I tried to play with it, but it was so cumbersome even for a geek like me. I just couldn't get it. So I kind of put it aside, brushed it aside, and then came back to it in 2012 when a good friend of mine who's often referred to as a Patient Zero in Silicon Valley for Bitcoin, [Xapo's] Wences Casares, basically started telling me more about it and telling me 'you have to actually spend time and understand this thing.' And so I did. And then I just couldn't stop thinking about it. I just couldn't stop thinking about this idea that you could actually be your own self-sovereign for digital value and you could move it around without any intermediary in between...

Then in 2013 at PayPal, that's after Zong got acquired by PayPal and I was running it, I remember that Argentina asked us to actually stop the flow of money going out of the country from PayPal accounts located in Argentina. And I remember us having to comply because we were regulated entity, and seeing the price of Bitcoin rise the same day. And it was really clear that a lot of Argentines at the time were actually moving their funds into Ritcoin so that they would have control over their hard-
